

# Are you searching for an apprenticeship??

Do you already have a plan for what to do after school?

How about an apprenticeship at Württembergische Elektromotoren GmbH?

Because we are looking for trainees to start an apprenticeship at September 2022 for the following professions:

---

## Industrial mechanic (m/f/d)

---

---

## Electronics technician for devices and systems (m/f/d)

---

### Your Profile:

- You have at least a secondary school diploma
- You are interested in technology and electronics
- You like to screw and repair
- You work accurately, responsibly and you are motivated

### What we offer you:

- Well-founded training in a very experienced training company
- personal and good care
- high takeover rate
- payment according to IG Metal Tarif
- 30 days vacation and special payments

---

## Industrial clerk (m/f/d)

---

### Your Profile:

- You have at least a secondary school diploma
- You are interested in economic processes
- You enjoy working with PC/ EDT
- You work accurately, responsibly and you are motivated

### What we offer you:

- Well-founded training in a very experienced training company
